## **LIGHTING**

The Salberg operates a fixed House Rig. We urge companies to try and make best use of this when visiting, however we appreciate that this is not always possible. Alterations and additions can be made to the rig as part of the fit-up; however, the House Rig must be re-instated as part of the get out.

### **Lighting Stock**

- **Profiles**

## Additional Equipment Hire Price Guide – January 2020

Additionally to the equipment provided with the space, we hold a stock of additional equipment that is shared between our other spaces and outside projects. All equipment is subject to availability, and will incur an additional charge that will be settled with the contra.

If for whatever reason you require something that is not within our Additional Equipment Hire List, or we do not have the availability, we have a good relationship with a number of local suppliers and can often get additional equipment in at favourable rates. Please contact us with your requirements
