Think about how you can **REUSE** and **RECYCLE** with today's craft. Your pillow and its decorations could be made from old clothing, bedding, bags or towels. Also you can use old t-shirts, bedsheets, tights and socks for stuffing.

Whilst your sides are drying decorate your pillow's face. Use

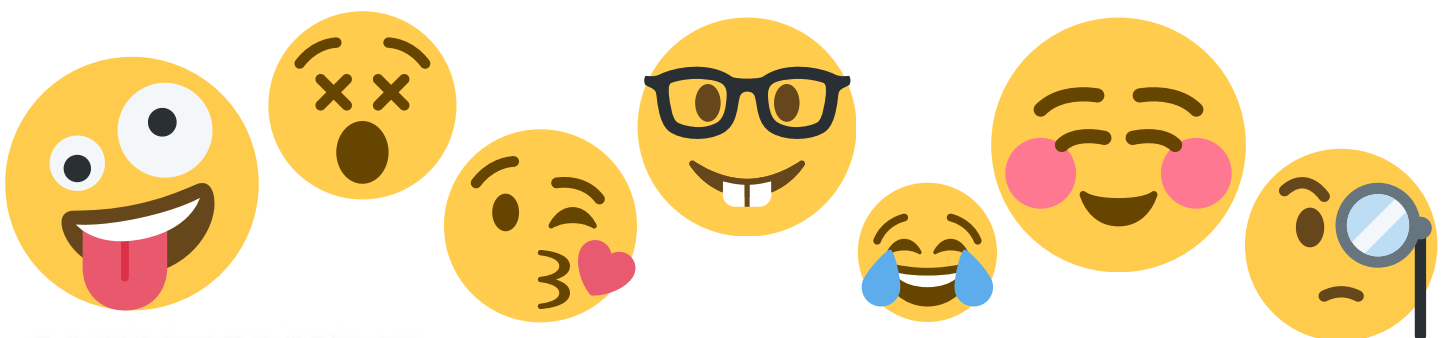

3 other pieces of fabrics, pens, and even REUSE things like bottle tops and food packaging!

If you ask your local fabric and upholstery stores very nicely for any waste offcuts, they will often let you have them for free! AND you're helping prevent waste fabrics building up in our landfills!

4 Stuff with old tights or fabric offcuts

5 Glue the top of your pillow and leave to dry pegged shut!
