

Bend your pipe cleaner in half and then twist it about 1/3 of the way down

Wrap your yarn around your fingers so you get a nice thick wheel of yarn.

Carefully slide one of the pipe cleaner legs through the wheel of yarn and twist tightly to secure.

LET A GROWN UP HELP YOU WITH THE SCISSORS IN THE NEXT STEP!

smARtTies

YARN MONSTERS

Carefully snip through the loops of yarn trying to keep the lengths even.

Gently pull the yarn strands down to cover the looped part of the pipe cleaner and trim any irregular bits off.

Curl each of the remaining pipe cleaner strands to create flat tight circles and add some eyes!
